The applicable versions of the General Terms and Conditions Forward Flow are the basis for **Transferor** and **Transferee** to make this transfer possible.

It is agreed that for the above specified transfer the principles below are applicable. These principles will govern in case of conflicts between these principles and the General Terms and Conditions Forward Flow:

1. *BBL Company* will charge *Transferor* a handling fee for the registration of the transfer equal to one hundred and fifty (150) Euro (€).
2. By means of this transfer, *Transferor* passes on the usage rights of *amount* kWh/h to *Transferee* but remains entitled to this transmission capacity.
3. *Transferee* has been accepted as a BBL-Shipper by *BBL Company* under the (applicable version of the) General Terms and Conditions Forward Flow. When *Transferee* uses part or all of the *amount* kWh/h, the (applicable version of the) General Terms and Conditions Forward Flow (including related exhibits) will apply.
4. *BBL Company* will not accept and register any subsequent transfer from *Transferee*, except for transfer of transmission capacity from *Transferee* back to *Transferor*.
5. The fixed part of the tariff (component T1) will continue to be invoiced to *Transferor*. The variable part of the tariff (component T2) for the usage of the transferred transmission capacity will be invoiced to *Transferee*.
6. The gas balance of *Transferee* will be settled with *Transferee* and settlement shall take place according to the procedure stipulated in the (applicable version of the) General Terms and Conditions Forward Flow.
7. All liabilities related to the transferred transmission capacity and/or the use of that capacity will remain with *Transferor*.
8. *Transferor* remains liable for duly payment of invoices by *Transferee*. As a consequence, BBL Company will not perform a creditworthiness check of *Transferee*.

Yours sincerely,  
On behalf of BBL Company V.O.F.
